

Programming Languages

- Python (Basics)
- C++ (Basics)
- SQL

SQL Skills

- SELECT Queries
- WHERE, ORDER BY
- GROUP BY
- Aggregate Functions
- INNER JOIN
- LEFT JOIN
- SELF JOIN
- UNION
- UNION ALL

Web Development

- HTML
- CSS

Database

- MySQL (Basic)
- Database Management Concepts

Tools

- GitHub (Learning)
- HackerRank (Practice)

RELEVANT COURSEWORK

- Programming Fundamentals
- Data Structures (Learning)
- Database Management Systems
- Object-Oriented Programming

EDUCATION

Madhav Institute of Technology and Science (MITS), Gwalior

2024 – Present

B.Tech in Mathematics and Computing

Current CGPA: 6.8/10.0 (after 4 semesters)

Smt. Prema Devi Kharya English School, Kareli

2024

Class XII (12th)

Percentage: 83.8%

Smt. Prema Devi Kharya English School, Kareli

2022

Class X (10th)

Percentage: 82.4%

PROJECTS

Online Food Ordering System

Technologies: SQL, HTML, CSS

- Designed a database-based food ordering system as a college project.
- Created tables for customers, orders and menu management.
- Implemented SQL queries for data retrieval and management.
- Integrated basic frontend pages for order placement.
- Practiced database design and CRUD operations.
